PUBLIC COMMENT

Public comment is the opportunity for members of the public to participate in meetings by addressing the Oak Park Municipal Advisory Council in connection with one or more agenda or non-agenda items. Public comments by a member of the public at a single meeting are limited to a cumulative total of five minutes at such meeting unless the time allotment is increased or decreased by the Chair depending on the number of speakers. The public comment period during the opening part of the meeting to address non-agenda items is limited to 30 minutes total for all speakers; this 30-minute limit does not apply to items on the agenda.

To maintain a public meeting environment conducive and welcoming to receiving public comments from all members of the public, the audience is discouraged from engaging in displays of support or opposition to staff reports or public comments, including clapping, yelling, booing, hissing or cheering, that may create a disruptive environment for members of the public wishing to participate. Members of the public who would like to augment their comments with visual or audio

presentations must submit their materials to the ashley.bautista@ventura.org for review at least 48 hours before the meeting. The review will be conducted to determine only whether the materials are on matters within the jurisdiction of the Municipal Advisory Council, would be disruptive of the meeting, or would foster illegality, such as identity theft. If it is determined that materials are about matters not within the Municipal Advisory Council's jurisdiction, or would be disruptive of the meeting, or would foster illegality, use of County-provided equipment will not be allowed.

RECOMMENDATION TO RECEIVE AND FILE

11. Ventura County Fire Department Report

- The VCFD has been contacted regarding the status of a radio communication tower that was planned for Fire Station 36 located in Oak Park. After careful consideration, we have decided not to pursue this project at the moment. Currently, we are focused on rebuilding our communications microwave system and enhancing our VHF radio capabilities. This work is integral as we evaluate all available options for our radio infrastructure's future. The tower project was intended to improve our existing system but given the ongoing design and study of the new system requirements, we are pausing the tower and other similar projects at selected locations. Additionally, we are in the process of evaluating our staffing needs, including the potential hiring of a new department IT/Radio positions following the recent departure of our previous manager as well as a Telecom Analyst. These potential new hires will play a crucial role in aligning our

current and future needs to ensure we develop adequate infrastructure. Thank you for your understanding and continued support in our public safety systems.

- October 6-12 will be Fire Prevention Week. This year's theme is Smoke Alarms, Make Them Work for You. VCFD will be challenging residents to share the safety message by posting short videos of creative ways to test your smoke alarm to social media. Participants in the smoke alarm challenge could win a VIP experience with an engine company or a fire extinguisher. Start developing your ideas now. We want to see how you complete the Smoke Alarm Challenge.
- Fire conditions are high across California. VCFD firefighters have been deployed as mutual aid to many other communities this summer to help stop large wildfires, just as other agencies responded to help us on several occasions earlier this summer. That fire activity is a reminder to continue vegetation management on your property and maintain safety practices. A spark from a dragging chain on a trailer, a tossed cigarette or a hot muffler against a dry weed might be all it takes for the next fire to start.
- Oak Park Fire Station 36 Open House taking place October 5, 11-3 pm, 855 Deerhill Rd. Oak Park 91377.
- Ventura County Fire Headquarters Tour for MACs, October 9, 6-7 pm, 2400 Conejo Spectrum Street, Thousand Oaks 91320. RSVP barbara.tuuri@ventura.org.
- Home Insurance Town Hall, Ventura County Fire Headquarters, October 15, 6-8 pm. RSVP SupervisorGorell@ventura.org.

RECOMMENDATION TO RECEIVE AND FILE

12. Ventura County Sheriff's Office Report

- 1 License Plate Reader Camera was installed on August 24, 2024 on westbound Kanan Rd. Between Lindero Canyon Rd/Los Arcos Dr. Two additional cameras will be installed by October 2024. The cameras are funded through the California Organized Retail Theft Prevention Grant.
- During the month of July and August, deputies working the Oak Park Community responded to 117 calls for service in July and 103 calls in August. They took 17 crime reports and 9 incident reports in July. They took 4 crime reports and 6 incident reports in August. Incident reports are generated from calls for service where deputies were unable to establish a crime but documented the incident. Those incidents are reviewed by Detectives to see if any further follow-up is required.
- Vandalism: There was a vandalism report taken. Paintball rounds were fired at a home. Investigation is on going by East County General Investigative Unit. Second vandalism report was damage of personal property, and the suspect was arrested. The case was handled by East County Patrol deputies.

- Forgery / Fraud cases: 5 cases were investigated by detectives. There was theft of mail in from community mailboxes. Several victims were identified and had the personal information used and packages stolen. Case is under investigation by the EC General Investigations Unit. The other cases were internet scam cases and suspects opening fraudulent credit accounts in the victim's name. All these cases are being investigated by the EC Financial Crimes Unit. A way to stop thieves from stealing your identity is to lock or freeze your credit. You can do this through 3 major credit bureaus. Just go to their websites for more information.
- Auto Crimes: There were multiple vehicles stolen or had their licenses plates stolen through out Oak Park. These vehicles were used in a series of gun store burglaries through out southern California. Multiple suspects were arrested in these cases and the investigation was turned over to the ATF.
- Burglary: There were no reports of residential or commercial burglaries during this reporting period.
- VCSO still seeing the trend of telephone scams throughout the Area. Remind your community members if individuals ask for banking information or personal information this is a scam. These scammers will also ask for you to pay for services via gift cards or crypto currency. These are red flags and if you receive these calls hang up and call the Sheriff's Office. Also make sure to double check the phone number and internet address you search for to confirm they are legitimate. Do not use "sponsored" sites. Many are scam sites.
- California Organized Retail Theft Prevention grant funded LPR cameras being installed in recommended areas approved by the MAC Board.
- To help prevent theft from vehicles, we encourage everyone to lock their vehicles and remove all their valuable items. Remove it, Lock it, Keep it.
