11. Presentations on Proposal to Establish an Oak Park Community Services District- The MAC will hear informational presentations regarding a citizen-led proposal to establish an Oak Park Community Services District. Presenters will provide an overview of the proposed district formation, the LAFCo process, and potential impacts to current service delivery and governance in Oak Park. This item is intended to provide background information and clarity for the community and to allow for public comment.

Presenters:

- Mark Perryman, Proponent
  - Presentation provided and entered into the record.
- Kai Luoma, Ventura County Local Agency Formation Commission (LAFCo)
  - Printed presentation provided.
- Joan Araujo, Ventura County Public Works
  - Verbal presentation (video referenced).

Mark Perryman – Proponent

Mr. Perryman provided an overview of the proposed Community Services District (CSD) concept. He stated that the proposal is not an effort to incorporate Oak Park as a city, but rather to explore whether certain services currently provided by Ventura County could be managed locally through a CSD. He noted that potential service areas

discussed include parks, landscape, and related maintenance functions. Mr. Perryman emphasized that the proposal remains in an early, exploratory phase, and that further analysis is required before any formal application is submitted.

Kai Luoma – Ventura County Local Agency Formation Commission (LAFCo)

Mr. Luoma provided a detailed explanation of the LAFCo review and approval process for forming a Community Services District. He explained that:

- There is no minimum population requirement, but a sufficient number of property owners must exist to support the district.
- Any application must clearly define the services to be provided, governance structure, and funding mechanisms.
- LAFCo cannot approve a proposal unless it demonstrates long-term financial sustainability and identifies funding sources for all proposed services.
- A CSD does not automatically receive all revenues currently used by the County to provide services.
- A CSD cannot simply assume County contracts and may be limited to contracting with public agencies rather than private providers.
- If a CSD becomes financially unviable, dissolution is a potential outcome under state law.

Mr. Luoma further noted that the application and review process typically exceeds one year, and that any assessments or taxes must be approved by voters.

Joan Araujo – Ventura County Public Works

Ms. Araujo provided an overview of current Public Works responsibilities in Oak Park and discussed how services such as landscape maintenance, stormwater infrastructure, and roadway maintenance are currently managed. She explained that Public Works would continue to provide services unless and until a new governance structure is approved and implemented.

## Council Questions and Discussion

- J. L. Diaz asked whether a minimum number of residents is required to form a CSD. Mr. Luoma stated that while no minimum exists, the number of property owners must be adequate to support the district financially.
- Mr. Diaz also asked whether a CSD board would have authority to raise assessments. Mr. Luoma responded that any assessments require voter approval, and funding mechanisms must be identified at the time of formation.
- Brianna Adams asked about personnel and administrative costs, including whether additional staff would be required. Mr. Luoma stated that these costs

must be identified in the application and that LAFCo cannot approve a proposal without a clear funding plan.

- Brian Trushinski reiterated that the proposal does not involve incorporation, but instead focuses on separating out specific services currently provided by the County. He asked how County employees might interact with or serve a CSD. Mr. Perryman stated that legal counsel would be required to address those specifics.
- Jane Nye expressed concern regarding potential costs and election expenses and asked about the overall timeline. Mr. Perryman responded that the process is lengthy and that further information would be required before advancing.

### Public Comment (30 Minutes)

- Andrew Pletcher, Newbury Park resident and attorney, stated that the community should avoid speaking in absolutes and keep an open mind during the due-diligence phase. He expressed support for exploring the proposal.
- Eric Steiner asked whether LAFCo approved other entities such as CSA 4 and Rancho Simi, and how financial deficits can occur despite approval. Mr. Luoma explained that LAFCo evaluates financial viability during formation and that a CSD must demonstrate adequate funding.
- Joel commented on the civic importance of the discussion and questioned whether precedent alone justifies forming a CSD.
- Ruben Macias stated he is still learning about the proposal but believes it is reasonable to explore if it could improve quality of life, provided all questions are addressed.
- Carolyn raised concerns regarding sidewalk maintenance and repairs.
- Additional public comments addressed the accuracy of social media polling, public correspondence related to LAFCo, and public communication surrounding the proposal. Mr. Luoma stated that LAFCo correspondence had been reviewed by legal counsel and remains accurate.

### 12. Written Comments from the Public & MAC Member Discussion

- Brian Trushinski stated he received written correspondence from Eric Steiner and Janna Orkney, both copied to staff, regarding issues on Hawthorne Drive.
- Michelle Santucci noted concerns related to water pooling near the location of a recently removed olive tree on Kanan. Further review is anticipated.

### 13. Office of Ventura County Supervisor Jeff Gorell's Comments – Brief announcements and report on County activities.

Supervisor Gorell was unable to attend the meeting and sent his regrets. It was reported that his wife recently underwent a medical procedure, and Supervisor Gorell remained with her during her recovery. She is recovering well.

Supervisor Gorell was recently selected as Chair of the Ventura County Board of Supervisors, and he expressed appreciation for the opportunity to serve in this leadership role.

The Supervisor recently hosted a bike safety event in Thousand Oaks that focused on promoting safe riding practices for residents of all ages. Local law enforcement agencies will continue efforts to improve bicycle safety through education and enforcement.
