ISSUANCE OF FINAL POST-CLOSURE HAZARDOUS WASTE FACILITY PERMIT DECISION – TFX AVIATION INC, 3085 OLD CONEJO ROAD, NEWBURY PARK, VENTURA COUNTY, 91320, EPA ID No. CAD008383127

Dear Interested Party:

The Department of Toxic Substances Control (DTSC) has made a final decision to issue a Post-Closure Hazardous Waste Facility renewal permit (Final Permit) for TFX Aviation, Inc. Also, under the California Environmental Quality Act (CEQA), DTSC evaluated whether the permit decision could have any significant impacts on the environment. As part of this evaluation, DTSC prepared a Notice of Exemption in accordance with the requirements of the California Environmental Quality Act, Public Resources Code section 21000 et seq. and the Guidelines for Implementation of the California Environmental Quality Act, California Code of Regulations, title 14, section 15300 et seq.

Pursuant to the California Code of Regulations (CCR), title 22, section 66271.14, you are receiving these documents because you provided comments during the public comment period, or you specifically requested DTSC to send you a notice of a final hazardous waste facility permit decision. A public hearing was held on March 25, 2026 via Zoom. DTSC received comments and prepared a Response to Comments document. In accordance with California Code of Regulations (CCR), title 22, section 66271.14, the Final Permit becomes effective 30 days after the date of this Notice of Final Hazardous Waste Facility Permit Decision on July 19, 2026 unless an appeal is filed with the Board of Environmental Safety. If a notice of an appeal is filed, the effect of the final permit decision will be stayed in accordance with CCR, title 22, section 66271.71."

Enclosed are the Notice of Final Hazardous Waste Facility Permit Decision document and the Response to Comments on Draft Permit document. If you have any questions regarding this letter, please contact me at 916-255-3742 or Karen.Steen@dtsc.ca.gov.

Sincerely,

Karen Steen
Permitting Division
Department of Toxic Substances Control
